Social and evangelistic ministries

In the realities of the war, many Ukrainians found themselves in difficult circumstances, and we, as a church, could not stay away from their needs. We try to respond to people's needs as much as it's possible and support them in all spheres of life

SENDING HUMANITARIAN AID TO THE EAST

HUMANITARIAN AID

Every week we send 2 vans with humanitarian aid (food, hygiene products) to local churches in Donetsk, Kharkiv or Zaporizhia regions.

Ministers of these churches preach the Gospel and at the same time distribute aid to the local people. The main cities we bring aid are: Kharkiv, Chuguiv, Slovyansk, Myrnograd, Ukrainka, and other cities and villages suffering from shelling. During the war, more than 100 tons of humanitarian aid were sent to the East.

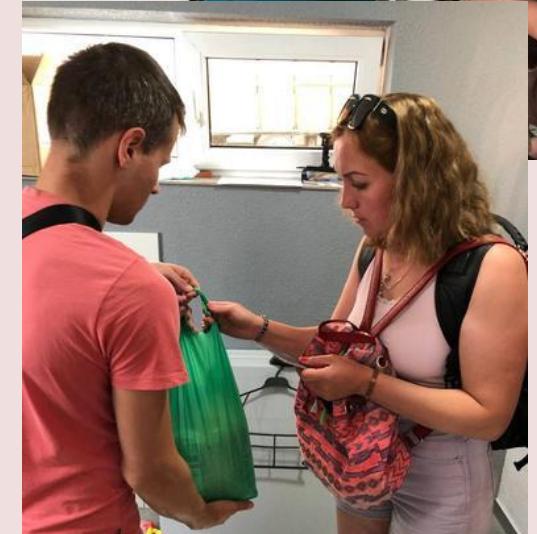

SOCIAL ASSISTANCE CENTER

More than 4 months our church center serve for displaced people.

We provide spiritual assistance to people - we study the Word of God with them, and we also provide social assistance - food products.

70-90 people receive help every week.

During the war, more than 1,300 people received social packages.

SOCIAL CENTER

We also help at another social center in our city. There we communicate with people, share the good news - the Gospel, encourage them to know God.

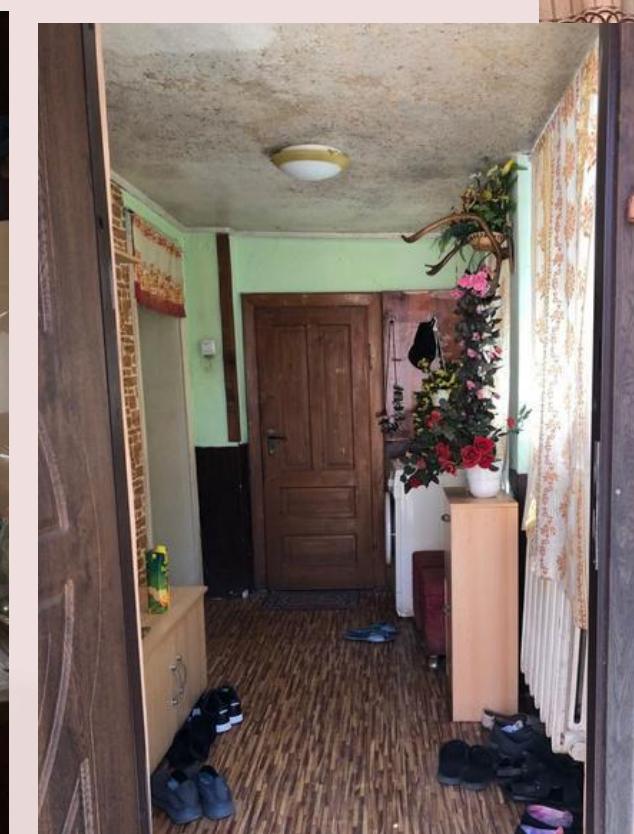

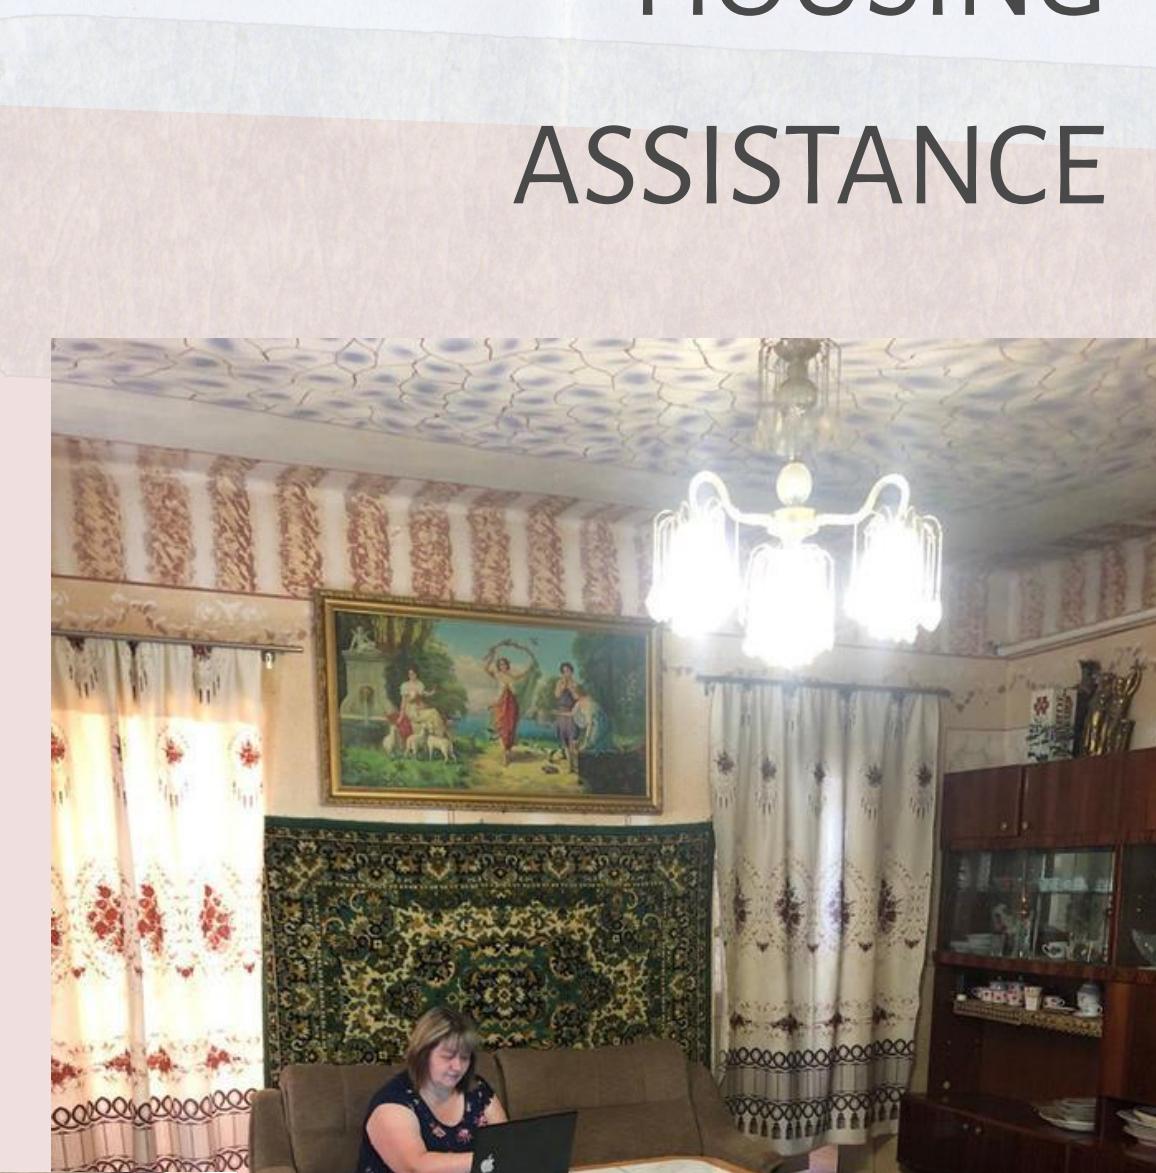

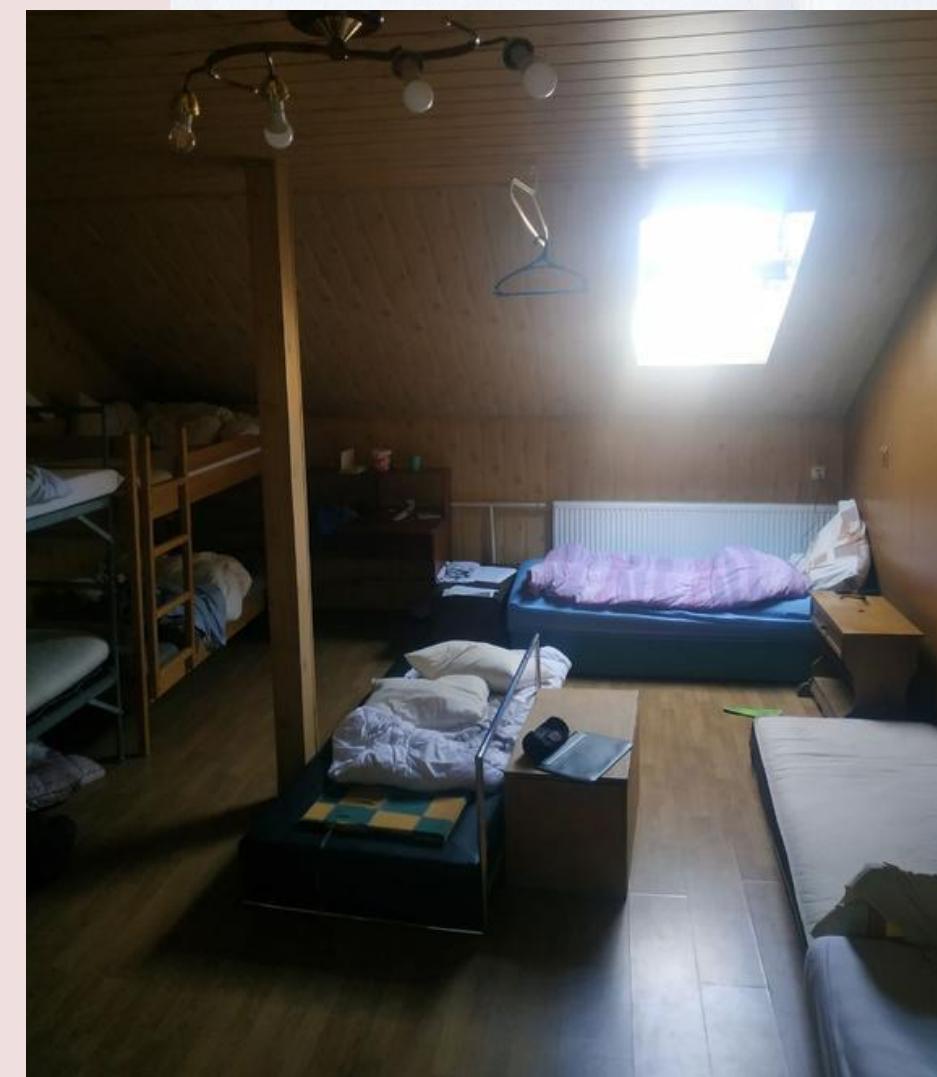

THE CHURCH HOST PEOPLE WHO

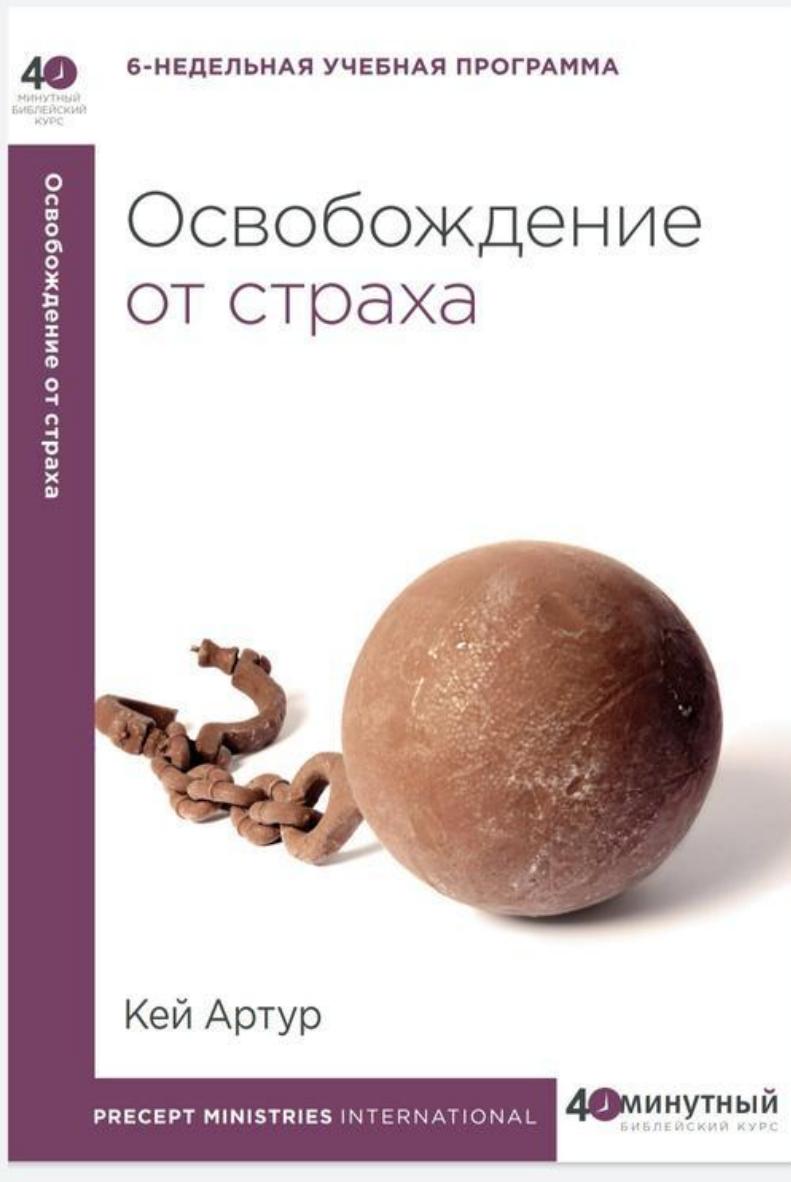

FLEE FROM THE WAR

We provide housing and food. Every day, from 30 to 50 displaced people live in the house and apartments that we rent. During the war, more than 1,000 people were hosted for the night.

HOUSING ASSISTANCE

As a church, we understand that people need more comfort, hope and faith, so every day we study the Bible with them, talk about fear, difficult times, and about our only hope - Jesus Christ.

During this time, more than 30 people accepted Christ into their hearts.
